After North's 1♥ opening South counts 12 HCP plus one length point for the fifth ♦. That is enough for a 2/1 response so South says 2♦. The partnership is now forced to reach game so North bids 2NT. This describes a balanced hand with exactly 5 ♥s and no 4-card ♠ suit. What should you bid now? South is happy to play in Notrump, and with no extra strength above the 13 points already promised, uses Quick Arrival and bids 3NT. North passes and a reasonable game contract is reached. Notice that you would bid this hand the same way whether or not you play 2/1.

East opens 1♥. With 16 points, you respond 2♦, forcing the partnership to game. East rebids 2♥. In our style of 2/1 this promises a 6th heart. What do you rebid now?

Opposite East's 6-card suit, your doubleton is adequate support. If you had a minimum for your 2/1 response you might just jump to 4♥ to show no interest in slam. With a little extra you bid 3♥ since she knows the bidding cannot stop until game is reached. From your perspective East might have a big hand; his 2-level rebid shows suit length but does not say anything about strength. This is one of the beauties of 2/1, the bidding can be kept low while you look for the best place to play. However, this time East merely bids the game and you pass. The hand is harder to bid in standard bidding - you couldn't bid 3♥ to show slam interest.
