With a 20 point balanced hand you open 2NT. What do you rebid after partner jumps to 4♣?

The 4♣ bid is Gerber and your correct response with 2 Aces is 4♠. Partner now bids 6NT and since he is the Captain you pass.

Partner opens a Weak 2-bid and catches you with a blockbuster. The only thing you want to know about his hand now is how many Aces he has. So you bid 4NT. Partner answers 5♥.

That makes it simple, with 2 Aces you bid a confident 6♥. If he had 1 Ace you would have bid an also confident 5♥. If he had zero Aces you would have been in a spot of trouble. And if he had 3 Aces you would have asked him how he could open a Weak-2 with that many points.

You **MIGHT** say that with 13 points and partner controlling the ♣s you could jump to 2NT, "To show you my points, partner." You might say it but you won't because your first priority is to look for a Major suit fit. You bid 1 ♥ (skipping ♦s with the two Majors). Partner now jumps to 4 ♥.

Partner says you can make game even if you have a minimum 6 points. So he must have about 20. So you think you can make slam and you bid 4NT. Partner answers 5 ♥.

Partner shows 2 Aces so you bid 6 ♥.
