Your 4♦ bid is a Splinter Bid, showing opening hand strength, at least 4 ♠s, and a singleton or void in ♦s. Partner bids 4NT.

You have 2 Key-Cards, the ♠K and the ♣A. So do you bid 5♥?

No. You have two Key-Cards **AND** a void. So you bid 5NT. Partner bids 6♠.

5♥ by South			

Your partner's 2NT opener is 20-21 points and the 3♣ bid is Stayman.

You know of 33 points and you know of an 8-card ♥ fit. The math tells you that 6♥ should be a good slam but you might as well check Key-Cards, that's why the convention was invented. So you bid 4NT and partner answers 5♥.

You say "Darn!" You are missing just one Key-Card, but you are also missing the trump Queen. And with partner holding only a 4-card suit that Queen might well win a trick. Knowing that at best the slam will depend on a trump finesse you pass 5♥.

With 11 points and a good suit you should make a positive response. So you bid 2♥. Partner then says 4NT. What is your bid?

The 4NT bid agrees ♥s as trump. You have one Key-Card, the ♥K, so you bid 5♣. Partner bids the ♥ slam.
