North opens 2NT.

Wow! Start thinking slam, but first things first. Find the suit by starting with Stayman. You bid 3♣ and partner replies 3♠. What do you say next?

Your hand revalues to 16 points now that you know there's a ♠ fit. So certainly you want to be in slam as long as there are not two quick ♣ losers. At this point you might try something like a 4♦ cue bid, hoping partner will read that as a slam try in ♠s, but denying the ♣ control. But that seems awfully easy to be misunderstood. We suggest an immediate 6♠.

Good thing it's being played by North, right?

South opens 1NT.

Your first thought should be that with only 4 points you will pass. But on second thought, what would partner respond if you bid a Stayman 2♣? So you give it a shot and partner says 2♥. What next?

What's next is your PASS. And if he had bid 2♠ you also would have passed. And if he had bid 2♦ you also would have passed. You figured that with this hand any response partner could make would be a better place than 1NT.
