3NT by North

You dealt this hand.

With 23 points you naturally open 2♣. Partner responds 2♦.

You have 23 points and no 5-card suit. Since your hand is balanced you bid 2NT. Partner raises to 3NT and you pass.

♣ A 10 8

With only 2 points you make a Negative 2♦ response to partner's 2♣ opener. He now bids 2NT. What is your bid?

This isn't as clear-cut a decision as you might think at first. Partner is showing 22-24 points, and even though you only have 2 points it is possible that the partnership total could be 26. The thing that should convince you to pass is that a 24-2 point split doesn't play nearly as well as say a 13-13 split would. Lack of transportation would likely kill any chance of 3NT (or 4♠). So you pass.
