6 ♠ by North

North is to play 6 ♠. East leads the ♥ Q.

This ♦ holding is the third example shown in the introduction.

This is another follow-up to Deal 1. But this time you are missing both the ♦ Q and ♦ J. In this case an Elimination play doesn't give you a guarantee, it just improves your odds.

Win the first trick and play ♠ A, ♠ K. Trumps split 2-1.

Play three rounds of ♣ s to eliminate the suit from you and dummy.

Now execute the throw-in by leading a ♥ from either hand.

The defender who gets thrown in cannot play a ♥ or a ♣ without handing you the contract by way of a ruff-and-sluff. So he must lead a ♦. Suppose it is East who leads the ♦. You play low in dummy and West must play either the ♦ Q or ♦ J to keep you from getting a cheap trick with your ♦ 9. So you take West's honor with your ♦ A and then finesse East for the other honor. As long as the ♦ Q and ♦ J are in different hands the elimination play will succeed.

Against good defenders there is no way you can make all three ♦ tricks if you make the first play in the suit. This assumes that if one defender held both the ♦ Q and ♦ J he would "split" the honors if you tried to lead through them.

By forcing them to start the ♦ s you make three tricks when the two outstanding honors are divided.

4♥ by East

Using elimination plays makes you a better player. But in Bridge, no matter how skillful you are, there will always be a luck factor.

Here you were lucky the defense didn't start by taking their three ♠s. If they had, you would not have been able to pull off the throw-in, and would have had to try your luck with guessing who had the ♣Q.

East is to play 4♥. South leads the ♦J.

With three unavoidable ♠ losers you cannot afford to lose a ♣. So you either have to guess the location of the ♣Q or (DRUMROLL) pull off an elimination play! Win the ♦K, then pull trumps, it takes two rounds.

Next you eliminate the ♦s by playing ♦A then ruffing the ♦8.

Execute the throw-in by leading a ♠.

The defense is in with a ♠ and they are welcome to take two more ♠s. But then they will have to play a ♠ or a ♦, giving you a ruff-sluff, or else lead a ♣ which finds the ♣Q for you.
