North is to play 6NT. East leads the ♥K.

As usual, you have 11 winners; 3 ♠s, 1 ♥, 4 ♦s and 3 ♣s. If ♠s split 3-3 dummy's ♠6 will become trick #12. If ♠s don't split though, you will have the chance of a squeeze if the defender with long ♠s also has 4 or more ♣s.

For a squeeze to operate you will need to lose one trick and the time to do that is right now. Let East hold the ♥K and win his ♥ continuation with your ♥A.

Too bad, East discards a ♥ on the third round of ♠s.

West discarded a ♦ on the second ♥.

You might as well find out about the ♠s right now. Play the ♠ A K Q.

West now holds the the only guard in ♠s.

Play the ♦ A, then ♦ K Q.

West will follow to all three ♦s.

Now for the squeeze. Play dummy's ♦ J and discard your ♥10.

If West discards the ♠ J you will cash dummy's ♠6, then win the last 3 ♣ tricks.

So West will no doubt throw a ♣ instead. In which case you win the last 4 ♣ tricks.

Squeezes are so very satisfying.

6 ♦ by East

Now play ♦ Q, ♦ J, ♦ 9. Discard the ♠ 5 from dummy on the third ♦.

[showcards N:SQ,HA,H8 E:SJ,S9,H9 S:HJ,H7,D7 W:SK,HQ,HT]

South could afford to throw 2 ♠ s and a ♥ on your ♦ plays.

But when you play the ♦ 7 he is squeezed.

He cannot dump his ♠ K because you would throw the ♥ 8 and dummy would be high.

So he will discard the ♥ 10 instead. At this point you know that the ♠ Q is worthless so you discard it. You win the final two tricks with the ♥ A and ♥ J.

East is to play 6 ♦. South leads the ♥ K.

You have 11 winners; 1 ♠, 1 ♥, 6 ♦ s and 3 ♣ s.

At first things look hopeless, but remember this is a lesson on squeeze plays. From the opening lead you know that South must hold the ♥ Q. If he also holds the ♠ K you will be able to squeeze him in ♥ s and ♠ s.

You let the ♥ K win, (hoping he will play another ♥), but he plays a small trump instead which you win in your hand.

Pull one more round of trumps, then unblock the ♠ A.

Then take your 3 ♣ winners, ending in your hand.
