7NT by North
 Play 4 rounds of ♦ s.

[showcards N:S9,H6,D4,C8 E:HQ,H9,H8,CJ S:S7,HA,HK,H5 W:SJ,HJ,HT,H7]

On the fourth ♦ West had to discard a ♥. You discarded a small ♠. East discarded a ♠ on the third ♦ and a ♥ on the fourth.

Play dummy's ♦ 4. West cannot throw the ♣ J or he will set up dummy's ♣ 8, so he discards a ♥.

You discard the ♠ 7.

Now East is squeezed. He cannot discard the ♠ J or he will set up dummy's ♠ 9, so he discards a ♥.

You win the last three ♥ tricks with another Double Squeeze.

North is to play 7NT. East leads the ♠ Q.

One more winner is needed. Dummy's fourth ♣ is a possibility.

So take the ♠ K and play ♣ A K Q.

East discards a ♠ on the third ♣.

Now you know West guards the ♣ s.

Before tackling ♦ s, see what you can discover about ♠ s.

Play the ♠ A. West discards a ♥.

West guards the ♣ s. East guards the ♠ s. Nobody can guard the ♥ s.

Now play the ♦ A, ♦ K, and ♦ Q, discarding the ♣ 3 from your hand.

Then lead dummy's ♣ 7 to your ♣ K.

[showcards N:ST,CA,C9 E:DJ,D9,CJ S:HA,C8,C6 W:SJ,CQ,CT]

Here you are in your hand.

Only South can guard dummy's ♠ 10, and only South can guard dummy's ♣ 9.

So you play your ♥ A and South must give up one of his guards. If he holds on to the ♠ J then you toss dummy's useless ♠ 10. If he throws the ♠ J then you toss dummy's ♣ 9.

East is to play 6 ♥. South leads the ♠ A, then ♠ K.

When you looked at just your and dummy's cards on the previous page it may have looked impossible to find a twelfth winner.

Even looking at all four hands here it is still very difficult to come up with a plan.

Here's a hint: If South holds 3 ♣s, (and you see that he does), can you squeeze him in ♣s and ♠s?

Of course you ruffed the ♠ K.

The big problem with trying to squeeze South in the black suits right now is that North actually holds a ♠ guard. But you can fix that.

Play dummy's ♥ Q and ♥ 10, then ruff a ♠, then pull the last trump.
