3NT by South			

South is to play 3NT. West leads the ♠2. East puts on the ♠J.

Winners: ♠=2 ♥=1 ♦=2 ♣=1 Total = 6

You need three more winners. It is possible your fourth ♦ can be established, but that needs a 3-3 split. It's also possible that the ♣ finesse will work, and also the ♥ finesse. Since you need the ♥ finesse anyway you should go ahead and try to establish the ♥s.

Win the first trick with your ♠Q and play a low ♥, ducking in dummy. East will no doubt win a cheap trick but no matter. When you next gain the lead play your other low ♥ and finesse the ♥Q. Assume this wins (if it doesn't you will be going down for sure). Play the ♥A and if both defenders follow your other 2 ♥s are good and your contract is made.

Ducking the first ♥ and finessing the second could let you wind up with no tricks at all in the ♥ suit.

But, it is your only chance to make the contract.

4♥ by South
dummy's ♥K.

Some pretty aggressive bidding gets you to a challenging game. South is to play 4♥. West leads the ♠K, overtaken by East's ♠A. East returns a ♠ to West's ♠10, and he then plays the ♠Q.

Losers: ♠=2 ♥=0 ♦=1 ♣=3 Total = 6

With 2 tricks already gone you still have 4 losers. You could consider ruffing the 3 ♣ losers in dummy but that would just create a trump loser even when trumps are splitting 3-2. So it looks like you will have to establish the ♦ suit for discards. You could pull trumps and then play your ♦Q, hoping the defenders will grab their ♦A immediately. But unless they are real novices they will hold it up one round and you'll no longer be able to reach dummy.

The solution is to establish the ♦s before you use up

Ruff the third ♠, then play ♦Q, (which they will duck), and another ♦, (which they will probably take). Win whatever they return, pull trumps ending in dummy, and enjoy your 3 ♦ winners.

If East does not take the second ♦ you continue the suit, and whether you ruff or discard a loser you still make the contract.
