♥Q, it didn't do anything that declarer wouldn't have done on his own.

Declarer must play ♦s to get some winners, and when West takes the ♦A he will surely switch to the ♣J. Down goes declarer.

The bidding has been as shown. The contract is 3NT

Lead the ♥9, the top of nothing.

Your ♣s are so good that all your instincts tell you to lead the ♣8, and perhaps set up 3 winners.

If you had one more small ♣s your instincts would be right, but with only a 4-card suit you should think a little longer. Three tricks won't set this contract, so you must depend on partner winning something. And if partner is going to win something perhaps he will lead a ♣ and you might make FOUR tricks in the suit.

So lead the ♥9. You lead a high card so partner won't be tempted to return the suit when he gets the lead. Note that although this lead finesses partner's

left with two losing ♥s and will be down 2. Without the two trump plays he could have ruffed all three of his ♥ losers and actually made the contract.

The bidding has been as shown. The contract is 4 ♠ doubled

Lead the ♠ A.

South's 2 ♠ bid is a Weak-jump Overcall, based on a 6-card ♠ suit and a weak hand.

Either the ♦ Q or ♥ J would normally be good leads.

But on this deal North/South have clearly sacrificed against your almost certain ♥ game. Since they don't have enough high-card strength to make this contract declarer is hoping to get some ruffs.

The way to cut down the number of ruffs he can make is to lead a trump at every opportunity.

So take the ♠ A and then play another ♠. Declarer will still be able to ruff one ♥ in dummy, but will be

winner for declarer, and left to his own devices, he cannot establish the ♠ winner.

The bidding has been as shown. The contract is 3NT

Lead the ♥3, fourth highest in an attacking suit.

Sometimes it comes down to just this kind of choice.
Do you lead fourth down from ♠ K 8 7 3 or from
♥ Q 10 7 3.

The presence of the ♥10 bolsters the ♥ suit enough
to give it the edge.

The suits could be arranged something like shown at
left. With a ♠ lead the presence of the ♠10 in
dummy allows declarer to make a second ♠ trick,
which happens to be declarer's ninth trick.

But when you lead the ♥3 it does not promote a ♥
winner.
