6♥ by North  
 overruff any of South's trumps.

[showcards N:S6]

You are West. The bidding has been as shown.

Partner led the ♦Q, you signaled with the ♦8 and North won the ♦A.

North then played low to dummy's ♠K, and led dummy's ♠6. Your decision is not whether to play high or low, but whether to ruff or not, which amounts to the same thing.

Do not ruff.

Even though North holds the ♠A, if you ruff now he will just put on a small ♠ and you will be ruffing a loser. Instead discard a ♦.

North will win the ♠A, but will not be able to ruff any ♠ losers in dummy because your trumps can

Suppose you had ruffed the ♠. North would have played his ♠9, leaving himself with ♠ A J. He would then get the lead and pull your two remaining trumps. That would leave one trump in dummy to ruff his ♠J, his only remaining loser.

1NT by East

East takes this trick or not he cannot win more than 2 ♥s.

[showcards S:H4]

You are South. The bidding has been as shown.

You lead the ♣K and continue with the ♣J then ♣Q, taken by East's ♣A. To trick 4 East plays the ♥4. What do you play?

Play the ♥Q.

To see why you should play the ♥Q, just visualize the result if you play low. East will finesse with dummy's ♥8. If North wins his ♥J on this trick there will be 4 good ♥ tricks in dummy. If North withholds his ♥J then Declarer will have 3 ♥ winners.

Now visualize the result of playing the ♥Q. Whether
