put you back on lead with your ♥A. You play the ♦9 and your side will collect 3 ♦ tricks to go with your 2♥s.

[showcards W:HQ N:H6]

The bidding has been as shown. Partner led the ♥Q, dummy played the ♥6

Overtake with the ♥K.

Your side needs to take 5 tricks to defeat this contract. Two of them will be ♥s, but it doesn't look like you can win any ♣s or ♠s.

That means you need to win 3 ♦ tricks and the only way that can happen is if you play ♦s from your side.

So win the first ♥K (so partner will know you also have the ♥A), and play the ♦10. Presumably North will play an honor, but East will take the trick and

4 ♥ by East from your side of the table, and the way to make that happen is for you to ruff partner's ♠ K with an otherwise useless trump. You still get your two ♠ winners (sort of) but now you get to play a ♣ through East's ♣ K at trick 3.

[showcards W:SK N:SJ]

The bidding has been as shown. Partner led the ♠ A, then the ♠ K. Dummy follows suit and it is your play to the second trick.

Ruff partner's ♠ K.

It is obvious that your side can only get 2 ♠ tricks. And assuming that East has the Ace of trumps you will not make a single trick in the red suits. So you need to make 2 ♣ tricks.

If partner has the ♣ A K then he will take them, but if he has the ♣ A J he cannot win 2 ♣ tricks from his side.

To allow for this situation it will be better to play ♣s
