1NT

Winners: ♠ 2 : ♥ 0 : ♦ 3 : ♣ 1 : Total = 6

You only need one more winner and there are possibilities in ♠s, ♥s and ♦s. But you need to be very careful. If you watched those ♣ spots you will realize that West started with 5 ♣s (he led the ♣4, later played the ♣3). So the defenders will win 2 more ♣ tricks to go with the 2 they already have. And they can also take the ♥A and ♥K whenever they want. In other words, they also have 6 winners. So the battle is for the 7th trick for either side. If you do anything that gives them a trick they will win.

So you don't try for a trick in ♠s or ♦s. Instead you play on ♥s, the suit where they have the 2 sure winners anyway. They will win one of their high honors, take their 2 ♣s, then play either ♠s or ♦s. You win and drive out the other ♥ honor.

If you try to get a winner by taking the ♠ finesse you will give **THEM** a winner and you will go down.

If you play your three high ♦s you will set up a winner for **THEM** and you will go down.

Only if you establish your ♥s can you set up a winner for **YOU** without giving them an extra trick.

North's 1NT opening shows a maximum of 17 points. Add your 7 and you come up with only 24 - not enough to think about game. So you pass.

North would play 1NT.

Click

South plays 1NT. West leads the ♣4. East plays the ♣Q, then the ♣K, West playing the ♣3 on the second trick. East then plays the ♣2 which you win with your ♣A.

South plays 1NT. West leads the ♣4. East plays the ♣Q, then the ♣K, West playing the ♣3 on the second trick. East then plays the ♣2 which you win with your ♣A.

cash the ♥K and ruff your small ♥ with dummy's last trump. Now take the ♦A and give up the lead. Ruff at the first opportunity and pull trumps, making 6 ♠ tricks, 2 minor suit Aces, one ♥ trick and a ♥ ruff in dummy.

It's easy to decide whether to draw trumps or not.

Always draw them - unless you have some other need for them first. Like in this hand.

Notice this. You cannot fault West for his opening lead, top of an honor sequence is very logical. **BUT**, if he had led a trump you would have gone down.

You have an easy choice, you open 1 ♠.

Partner responds 1NT.

Partner is showing 6-10 points. With 17 points you are strong enough to invite game. You show your 6-card suit by jumping to 3 ♠. Partner bids 4 ♠.

South plays 4 ♠. West leads the ♣Q.

South plays 4 ♠. West leads the ♣Q.

Losers: ♠ 0 : ♥ 2 : ♦ 1 : ♣ 1 : Total = 4

You have no time to waste. You have no way to discard either minor suit loser, so you absolutely must ruff a ♥ in dummy. You dare not pull a trump. Win the ♣A in dummy and play a ♥ to your ♥Q.

West will win and probably lead a trump. You win,
