the rest of the tricks are yours because you can run the ♣ suit without anyone trumping in.

Of course you open 1 ♠. Partner responds 2 ♣.

With 17 points and a 6-card suit you jump to 3 ♠. Partner bids the game.

North plays 4 ♠. East leads the ♥ Q.

North plays 4 ♠. East leads the ♥ Q.

Losers: ♠ 1 : ♥ 1 : ♦ 2 : ♣ 0 : Total = 4

You have plenty of ♣ winners in dummy but you must be careful because there are no outside entries. You win your ♥ A and play ♠ A and ♠ K, both defenders following suit. The ♠ Q is still out. To make sure you get to enjoy those ♣ winners you should continue with another ♠, forcing out the ♠ Q. The defense will now take a ♥ if they are smart, but

Think through what would have happened if you had not forced out the ♠ Q.

West would have used his master ♠ Q to ruff the second ♣, before you had taken any discards. You would still have to lose a ♥ and two ♦ s.

Winners: ♠ 2 : ♥ 0 : ♦ 3 : ♣ 1 : Total = 6

You only need one more winner and there are possibilities in ♠s, ♥s and ♦s. But you need to be very careful. If you watched those ♣ spots you will realize that South started with 5 ♣s (he led the ♣4, later played the ♣3). So the defenders will win 2 more ♣ tricks to go with the 2 they already have. And they can also take the ♥A and ♥K whenever they want. In other words, they also have 6 winners. So the battle is for the 7th trick for either side. If you do anything that gives them a trick they will win.

So you don't try for a trick in ♠s or ♦s. Instead you play on ♥s, the suit where they have the 2 sure winners anyway. They will win one of their high honors, take their 2 ♣s, then play either ♠s or ♦s. You win and drive out the other ♥ honor.

If you try to get a winner by taking the ♠ finesse you will give **THEM** a winner and you will go down.

If you play your three high ♦s you will set up a winner for **THEM** and you will go down.

Only if you establish your ♥s can you set up a winner for **YOU** without giving them an extra trick.

West's 1NT opening shows a maximum of 17 points. Add your 7 and you come up with only 24 - not enough to think about game. So you pass.

West would play 1NT.

Click

East plays 1NT. South leads the ♣4. North plays the ♣Q, then the ♣K, South playing the ♣3 on the second trick. North then plays the ♣2 which you win with your ♣A.

East plays 1NT. South leads the ♣4. North plays the ♣Q, then the ♣K, South playing the ♣3 on the second trick. North then plays the ♣2 which you win with your ♣A.

cash the ♥K and ruff your small ♥ with dummy's last trump. Now take the ♦A and give up the lead. Ruff at the first opportunity and pull trumps, making 6 ♠ tricks, 2 minor suit Aces, one ♥ trick and a ♥ ruff in dummy.

It's easy to decide whether to draw trumps or not.

Always draw them - unless you have some other need for them first. Like in this hand.

Notice this. You cannot fault West for his opening lead, top of an honor sequence is very logical. **BUT**, if he had led a trump you would have gone down.

You have an easy choice, you open 1 ♠.

Partner responds 1NT.

Partner is showing 6-10 points. With 17 points you are strong enough to invite game. You show your 6-card suit by jumping to 3 ♠. Partner bids 4 ♠.

South plays 4 ♠. West leads the ♣Q.

South plays 4 ♠. West leads the ♣Q.

Losers: ♠ 0 : ♥ 2 : ♦ 1 : ♣ 1 : Total = 4

You have no time to waste. You have no way to discard either minor suit loser, so you absolutely must ruff a ♥ in dummy. You dare not pull a trump. Win the ♣A in dummy and play a ♥ to your ♥Q.

West will win and probably lead a trump. You win,
