6NT by South			

With balanced distribution and 16 points SOUTH should open 1NT rather than 1♦.

NORTH's response is based on simple math. He adds his 18 points to the 15 minimum that SOUTH has announced and comes up with 33 points combined. This is enough for a small slam, and since he has balanced distribution he bids 6NT.

3NT by South

NORTH is right at the maximum for a 1 ♠ opening bid - one more point and he would have opened 2 ♣.

SOUTH does not have 3-card ♠ support but with 7 points must make some response. She cannot bid at the 2-level so she says 1NT (6-10 points).

NORTH is fine with Notrump so he bids 3NT.
