SOUTH has 13 points and can contribute six tricks so she figures that twelve tricks will be a slam (dunk).

However, just to make sure the opponents don't take the first two tricks she checks with Gerber.

Uh Oh, missing two Aces she signs off at 4NT. She could also happily play 5♣, but it would be tricky to get there. Very tricky.

Yes, this has nothing to do with Gerber or
Blackwood, but everything to do with smart bidding.

NORTH has a 16 points and SOUTH has 15, 16 or
17. NORTH wants to be in 6NT if SOUTH has 17,
but merely a Notrump game if she has 15 or 16.

The way to find out is to bid 4NT - not Blackwood
but merely an invitation to bid 6NT. In this case,
SOUTH has but 15 points and declines the invitation.
If her ♥Q were changed to the ♥A she would bid
6NT and collect her twelve easy tricks.
