7NT by South			

SOUTH has a powerhouse and knows she will reach a slam somewhere. When NORTH supports the ♠s, it seems she has found her spot.

Blackwood tells her that NORTH has two Aces. She can see there are 12 tricks available and decides to take a chance that NORTH will have a thirteenth trick somewhere among his opening hand points.

She bids 7NT.

♣ Q 8

NORTH is tempted to go right to 6♥ when she hears SOUTH's positive response. BUT, she should use Blackwood first.

It's good thing she did because SOUTH admits to only one Ace - they are missing two Aces.

NORTH not only has 20 points, he also has a lot of winners. So when SOUTH jumps to 2NT, showing 13-15 points, NORTH uses Gerber.

SOUTH shows two Aces so NORTH decides 6NT will be just right.
