SOUTH figures that if NORTH holds two Aces he will bid the slam.

NORTH only has one Ace, but she has something else just as good - a void in a suit which is higher-ranking than ♥s.

SOUTH manages to figure out that NORTH has a ♠ void and bids the slam anyway.

SOUTH may have a good hand but NORTH merely gave a simple raise. Even if NORTH has a maximum there won't be a slam.

SOUTH has a tough decision after the two Control-showing bids.

If he uses Blackwood and NORTH shows two Aces he will be no better off, because he won't know if one of the Aces is the useless ♠ A. Based on knowing that NORTH holds the ♦ A, he bids 6♥, hoping that he can at least make that and that 7 isn't a laydown!
