When NORTH makes a slam try with a jump to 3♠, the best approach for SOUTH is to agree on the trump suit immediately but indicate a minimum hand by bidding 4♠.

NORTH's next move is logical; RKCB 4NT.

SOUTH shows zero or three Key Cards, and since it could not possibly be zero, NORTH knows they are the ♠K and both red Aces. Even possessing all the Key Cards NORTH knows there aren't enough points for a Grand slam.

It is usually not recommended to use any form of Blackwood when you have a suit with two quick losers, but SOUTH knows NORTH would not preempt with a 10-high ♥ suit.

NORTH's reply to RKCB is 5♥, showing two Key Cards. SOUTH knows they are the ♥A ♥K so she can count thirteen tricks.

She bids a confident 7NT (and hopes NORTH didn't open 3♥ with a 6-card suit.

NORTH has 21 points, and when she hears SOUTH make a limit raise she tries for slam with RKCB.

SOUTH answers with just one Key Card so NORTH stops at 5♠, knowing they are missing two Key Cards.

Of course she didn't expect the two missing Key Cards to be the Ace and King of trumps!
