3NT by North			

NORTH has a balanced 20 point hand - ideal to open 2NT.

SOUTH has 7 points; he knows the partnership has either 27 or 28 points so he bids 3NT.

6NT by East

This is another example of "She who knows, goes."

WEST has a solid 18 points, (1 extra for the fifth Club), so when EAST opens 1NT she KNOWS that together they must hold at least 33 points. They may even have 35 points.

In any case they should be in slam, so WEST GOES to 6NT.
