This is another example of "She who knows, goes."

SOUTH has a solid 18 points, (1 extra for the fifth Club), so when NORTH opens 1NT she KNOWS that together they must hold at least 33 points. They may even have 35 points.

In any case they should be in slam, so SOUTH GOES to 6NT.

SOUTH has 20 points, counting one extra for the fifth Diamond. Just right to open 2NT.

NORTH has 6 points, just enough to bid 3NT. (20 + 6 = 26) (21 + 6 = 27)
