After South's 1♥ opening North counts 12 HCP plus one length point for the fifth ♦. That is enough for a 2/1 response so North says 2♦. The partnership is now forced to reach game so South bids 2NT. This describes a balanced hand with exactly 5♥s and no 4-card ♠ suit. What should you bid now? North is happy to play in Notrump, and with no extra strength above the 13 points already promised, uses Quick Arrival and bids 3NT. South passes and a reasonable game contract is reached. Notice that you would bid this hand the same way whether or not you play 2/1.

4♥ by South

South opens 1♥. With 16 points, you respond 2♦, forcing the partnership to game. South rebids 2♥. In our style of 2/1 this promises a 6th heart. What do you rebid now?

Opposite South's 6-card suit, your doubleton is adequate support. If you had a minimum for your 2/1 response you might just jump to 4♥ to show no interest in slam. With a little extra you bid 3♥ since she knows the bidding cannot stop until game is reached. From your perspective South might have a big hand; his 2-level rebid shows suit length but does not say anything about strength. This is one of the beauties of 2/1, the bidding can be kept low while you look for the best place to play. However, this time South merely bids the game and you pass.

The hand is harder to bid in standard bidding - you couldn't bid 3♥ to show slam interest.

How do you respond with this nice hand? With 16+ points and 3 ♥s, you will insist on a ♥ game at a minimum. But there is no need to start making jump bids, so start with a simple 2♦ bid. This is natural and game forcing. South rebids 2♥ to show a 6-card suit. What do you rebid now? Now you say 3♥ to set the trump suit, and show slam interest. At this point South also shows slam interest, making a control-showing bid of 4♣. Do you cooperate? Yes, you have an easy, 4♦ bid, showing the ♦ A. South has heard enough. He bids 4NT. What do you respond, playing standard Blackwood?

When partner hears about your two aces, he bids the slam.

South opens 1♠. West overcalls 2♦. After West's 2♦ overcall both South and North know that the 2/1 Game Force is no longer on. North can therefore bid 2♥, showing at least 11 points. This bid is forcing on South for 1 round, but not forcing to game. South next rebids his ♠s, promising a 6-card suit, but also indicating a minimum strength hand. Since the Game Force is not on, South would have to make a jump bid to show extra strength.

You have nothing further to say so the partnership arrives in a safe contract.

South opens 1 ♠. So far you know you belong in game, but you don't know which game. What do you bid first? You respond 2 ♣, natural and forcing the partnership to game. South now bids his ♥ suit. At this point you figure South for 5 ♠s and 4 ♥s. What should you rebid? You cannot support either of South's Majors, but with a good stopper in the fourth suit you bid 2NT. The game force is still on and South may not pass this bid. South bids 3 ♥, indicating that this is also a 5-card suit. What do you rebid now?

Now you can bid the ♥ game, knowing there is an 8-card fit.

4 ♥ by South			

What do you open with this hand? You opens 1 ♠ and South, responds 2 ♥. Note that this promises a 5-card or longer ♥ suit. (2 of a minor only promises 4+). What do you rebid? Knowing that South has 5, you bid 3 ♥ to confirm the trump suit. South bids 4 ♥.

South went straight to game, showing a minimum opener and no slam interest. You are also satisfied to just play at game.

2/1 is a good bidding method, and here, 4 ♥ is a good contract. But you can see that it is not a laydown - there is no bidding system that will always reach 100% contracts. In this hand a 3-3 ♦ split will provide the 10th trick, or if that fails, taking 2 ♠ finesses provides a 75% chance of success.

more card. South will always have the chance to rebid spades later if there is no heart fit.

South opens 1♠.

You have 15 HCP, but you only have 4♥s, so you can't bid 2♥ (this would promise a 5-card suit). So instead you bid clubs. This is natural and game-forcing, but only promises 4+ clubs. Note that holding two 4-card minors you bid them up-the-line, just as in standard bidding. South rebids 2♥. This shows at least 4 hearts. What do you rebid now? Your 3♥ bid confirms hearts as trump. There's no worry partner might pass - we are in a game forcing auction. South raises to 4♥, showing no slam interest.

We don't have enough for slam opposite a minimum opener, so we just pass. Note South's decision to show the poor 4-card heart suit for their second bid, instead of showing the 6th spade. In a GF sequence, it's more important to tell about 4 more cards than 1

3NT by South			

North opens 1♥ - how do you respond? North next bids 2♠, showing the other Major suit. In standard bidding this is a Reverse, showing a strong hand with 5♥s and 4♠s. But after a 2/1 GF response, North doesn't need extra values to show their 4-card spade suit. What should you rebid? You assume North to be 4-5 in the Majors, and since you can't support either one, you bid 2NT. If North actually has 6♥s (or 5♠s) he would rebid the suit. Your 2NT bid guarantees a stopper in the fourth suit.

North does not have either 6♥s or 5♠s so he just bids 3NT. Notice that North never once considered the possibility of passing what might be a misfit - the initial 2/1 response unconditionally forced the partnership to reach a game somewhere.

3NT by South

South opens 1 ♠ - how do you respond? With 14 points, you respond 2 ♣, a natural 2/1 force to game. South next bids 2 ♥, showing the other Major suit. What do you rebid now? You assume South to be 5-4 in the Majors, so you cannot support either. You cannot bid 2NT without a stopper in ♦ s. So you bid the fourth suit, 3 ♦, telling South you know you must make a bid, but can't find anything appropriate. This is an artificial bid, and normally denies a diamond stopper (otherwise you would have bid 2NT). South rebids 3NT - what do you do now?

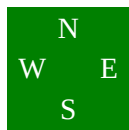

South now must find a bid. His choices include rebidding the 5-card ♠ s, supporting North's ♣ s with a doubleton Queen, or bidding 3NT with the ♦ K 6 as a stopper. He chooses this last option. It appears that 3NT is the best game for these two hands.

6 ♥ by South

How do you open the bidding? With 18 HCP and a balanced hand, you open 1 ♠. Partner responds 2 ♥. What do you rebid? You know this is a 5-card suit, and bid 3 ♥, confirming the 8+card trump fit and sets the trump suit. Partner rebids 3 ♠, a control bid, showing first or second round control. (Some will play this as showing 3-card support for spades, but I recommend playing this as a control bid.). You bid 4C, also a control bid, showing first or second round control in clubs. Partner bids 4NT, a keycard request using 1430.

You bid 5 ♠, showing two keycards and the trump queen. Partner bids the slam. The slam is a good one. If either the ♠Q or ♣K is right there are 12 tricks by way of a finesse. But the best way to play the hand would be to try to establish a ♠ in the North hand, and if that fails try the ♣ finesse.

6NT by South			

South opens 1♥ and North responds 2♣. Using standard bidding South would now jump to 3NT to show his 19 points, but in 2/1 this is not necessary since the partnership must not stop bidding until game is reached. So South just bids 2NT. North shows her minimum by bidding 3NT. South will now disclose his extra strength. He bids 4NT. This is not Blackwood, but rather a quantitative raise in Notrump, and an invitation to slam. North has 15 points, and they are good ones. She accepts the invitation and bids 6NT. There are 11 top tricks. A 3-3♥ split would provide the 12th winner, but this is against the odds. Better to try two ♠ finesses, a 75% chance.

South opens 1♠ - You responds 2♦, natural and game forcing. South rebids 2♠. In our style of 2/1, this promises 6+ cards in spades, and denies a side 4-card suit. What should we bid now?

You should jump to 4♠. This is Fast Arrival, indicating a minimum hand with no particular interest in slam. South is happy to rest in the game contract. Even with a combined 30 points, 10 tricks are certainly not a sure thing. South must hope that East holds the trump King.

1. 2 keycards, no trump Q
2. king ask
3. no kings lower than hearts

6♥ by South

North opens 1♠. What do you respond with? You have a powerhouse, plenty strong enough to jump-shift. But playing 2/1 it's usually simpler when you make the 2/1 response, and save your jumping for later - if at all. So just bid 2♥, knowing North must keep the bidding open. North responds 3♥, setting the trump suit. Now you are definitely interested in slam. Since you have controls in all the side suits, you go right to keycard Blackwood, using the 1430 system. Partner responds 5♥.

Partner's 5♥ shows two keycards without the trump queen. But we have the other 3 keycards, and the trump queen. If partner has the two minor kings we might have a grand. We ask about these with our 5NT bid. Unfortunately, partner responds 6♥ (playing specific kings, this denies any kings lower than hearts). We will pass and play there. This is a good slam, cold if West makes any opening lead other than a ♣. With a ♣ lead, South will have to pull trumps and play to discard a loser on the ♠10.

2 ♥ by South			

North opens 1 ♠. You have 11 points, enough to respond 2 ♥ in standard bidding, but not when using 2/1. So we use the forcing 1NT. North rebids 2 ♣. This only promises 3 clubs, so is really just there so we can better describe our hand with our second bid. What do we bid now?

Now we can bid 2H, and it shows 6+ ♥s and only 6-10 points. North was forced to reply to 1NT, but he is not forced to bid again. With his minimum hand and a tolerance for partner's suit he just passes and the partnership ends up in a reasonable contract. This hand demonstrates one of the benefits of Forcing 1NT. In standard bidding South's first response would be 2 ♥, and North would have to bid again, probably 2NT. The partnership might go even higher but in any case would probably not reach a good contract.

figured the odds favored that one Ace being a red one and tried the slam. Moral: Don't use Blackwood when you have a void.

You have a great hand - how will you start the bidding? You open 1 ♠. North responds 2 ♦, a 2/1 force to game. You have a big hand, perhaps in the slam range, but first priority is to set a trump suit. So you contend yourself with a rebid of 2 ♠. North agrees on trumps by bidding 3 ♠ (not Fast Arrival). What do you do now? Now you make your slam try by using a Control-showing cue-bid. She bids 4 ♣, showing first or second round control of the suit (Ace or king, or singleton or void). North bids 4 ♠. What do you do now?

North's next bid would be a control-showing bid of her own - IF SHE HAD ONE. Since she cannot win the first or second round of either red suit she just returns to 4 ♠. South realizes that they are off two red Aces and passes. Notice that South did not fall into the Blackwood trap. If you HAD asked for Aces, North would have shown one Ace and South wouldn't know what to do next. She might have

North opens 1♠. You respond 2♦, a 2/1 force to game. Partner rebids 2♥, showing a 4-card side suit.

You don't have 4♥s, nor do you have 3♠s. You do, however, have stoppers in ♣s so you bid 2NT. North happily says 3NT.

3NT by South			

South opens 1 ♠. How do you respond? You bid 2 ♦, a 2/1 force to game. South rebids 2 ♥, showing a 4-card heart suit.

You don't have 4 ♥s, nor do you have 3 ♠s.

Furthermore, you don't have stoppers in ♣s so you cannot bid NT. Since you have to keep bidding, but have no reasonable bid you can make, you bid the fourth suit, 3 ♣.

Compare this Deal with Deal 21.

South understands that North's ♣ bid is Fourth-Suit-Forcing, and does not actually show ♣s. However since South does have a ♣ stopper he bids 3NT. In this case this turns out to be the best game contract.

North passes - what should you open? North now bids 2♦. Since North originally passed this is **NOT** 2/1 Game Force. Instead, it is non-forcing and shows 11 or more points. You should show your 4-card ♥ suit. North gives a preference to 2♠. What do you do now?

Knowing that North does not have opening strength you pass 2♠.

South opens 1♠. With 9 points and a doubleton ♠ you must respond 1NT. Partner rebids 2♣.

North prefers ♣ over ♠ but must allow for the possibility that South has bid a 3-card suit. So North gives a preference to 2♠. This is called a "false preference", but it assures the team of being in at least a 7-card fit. South happily passes and the pair lands in a reasonable contract, probably better than 1NT.

6 ♥ by South

How do you start the bidding? You opens 1 ♠.

Partner bids 2 ♥. Your priority on your first rebid is to agree trumps if possible. Knowing South has at least a 5-card suit, you raise to 3 ♥. You are in a Game Forcing auction, so you know partner will continue bidding. South now bids 4 ♣. [4D] South's 4 ♣ bid shows first or second round control in clubs, and shows slam interest. You cooperate by bidding your next control up suit order - 4 ♦. This doesn't promise extra values, it's just following partner's path. South asks for keycards using 1430. What is your reply? You show two keycards without the trump queen. Partner is excited about this and bids 5NT - what's your bid now? Partner's 5NT is asking for specific kings. Since we don't have any kings lower than the trump suit, we have to bid 6 ♥. and gets two. He decides to find out about Kings, if North happens to have three he will bid 7NT. When North shows just one South settles for 6 ♥. This should be a good slam, needing only a decent ♠ break.

South opens 1♠. With 11 points you cannot respond 2♣. So you bid 1NT, which is forcing for 1 round. South rebids 2♠, promising at least 6 ♠s and denying a 4-card side suit.

You are strong enough to invite to game, and with the known 8-card fit you say 3♠. South has a little extra so he bids 4♠, which is a pretty good contract.

South opens 1♠. Perhaps a little marginal, but you don't pass 13 point hands. You have a good 2/1 response of 2♣. South rebids 4♥, showing a 4-card second suit. You wouldn't dare support ♥s with only three cards, but you have a good 2NT bid. South is not happy in notrump so rebids the 6-card major, 3♠. What do you do now?

Your two ♠s are enough support so you bid the ♠ game.

How do you start the bidding on this hand? You open 1♠. Partner responds 1NT, forcing for one round. What do you rebid? You rebid 2♣, a 3-card suit. North now jumps to 3♠, showing limit-raise strength. This sequence is the way to show a limit-raise with only 3 trumps; an immediate jump-raise to the 3-level shows a limit-raise with 4 trumps.

In any case you have a bare minimum and pass the invitation.
