With 14 points and a 4-3-3-3 distribution this could be the perfect hand for a jump to 2NT. But not when the 4-card suit is a Major - you should not skip bidding a Major when you have the opportunity.

So you respond 1♥. Partner says 1♠.

Partner doesn't have 4♥s so you go back to thinking this is an ideal notrump hand. So ideal that you apply the "She who knows, goes" principle and bid 3NT. Partner smiles and passes.

3NT by East

You have great ♦ support and perhaps 15 points. The "perhaps" is because partner may have only 3 ♦s, and if you are the long-trump hand any ruffs you take will probably not increase the number of trump tricks your side makes. But still, you have a great hand.

So you bid 3♦. Partner now says 3NT.

You described your hand very well with your first bid. Partner heard the description and chose 3NT. Since you trust your partner you pass.
