When partner Splinters his singleton ♣ you should realize that the only thing that could keep you from making slam would be lack of Aces. So you bid 4NT. Partner shows only one Ace so you just sign off at 5♥.

When partner opens 1 ♠ you have a pretty normal Jacoby 2NT response. He next says 3 ♠.

Your partner has a better than minimum hand with 6 ♠s. However, you have an average hand with no controls to show so you use the Principle of Fast Arrival and bid 4 ♠. Everyone passes.
