You dealt this hand.

You open 3♦. South doubles, partner raises to 4♦,
and North bids 4♥.

You just pass. Partner's raise was probably just
advancing your preempt and they got to 4♥ anyway.
Sometimes preempts don't do the full job.

It is partner's decision, not yours, whether to continue
to 5♦ as a sacrifice.

The bidding has been as shown.

The guidelines in the summary would have you bid 4♥. After all you very clearly have four quick winners.

But you also have seven quick losers in the other suits, and a trump void to boot.

Somewhere in some of these lessons there should be a guideline that says:
