Pass

3♠

All Pass

3♠ by North

3♥

Dbl

You dealt this hand.

You make a simple 3♥ opening bid and then the fireworks start. South doubles, your partner passes and North bids 3♠.

Do not preempt the same hand twice. The idea of a preemptive bid is that you bid it's maximum at your first turn. If there is to any further competing on this hand partner will have to do it.

4♦

All Pass

4♦ by East

The bidding has been as shown.

You do not have the 4 fast winners you need to raise partner to the 4-level. But you do have 4 of his trumps and 2 and a half winners. And your side doesn't have much defense against a 3♠ contract. You should raise partner to 4♦ because you think they can make 3♠. With these hands it appears they might have gone to 4♠ in which case you would have had to decide whether to continue to 5♦. More judgement would be called for, based on Vulnerability, whether you think they can make the game, etc. The Law of Total Tricks can be a help in these competitive situations; it would lead you to 5♦.

3♦	Dbl	4♦	4♥
All Pass			
4♥ by South			

You dealt this hand.

You open 3♦. North doubles, partner raises to 4♦, and South bids 4♥.

You just pass. Partner's raise was probably just advancing your preempt and they got to 4♥ anyway. Sometimes preempts don't do the full job.

It is partner's decision, not yours, whether to continue to 5♦ as a sacrifice.
