One of the characteristics of Weak 2-Bids is that Responder often is unsure how high to go. That's why the 2NT bid is such a great tool. In this case you bid 2NT and partner says 3 ♦.

You weren't sure whether to take partner to game or not. His 3 ♦ bid tells you that he has a 9-11 point opener which includes the ♦K. You couldn't hope for much more than that, so you bid 4 ♠.

You have a good Weak 2-Bid but North already opened. So you just make a Weak Jump Overcall of 2♠. South passes and partner raises to 3♠. North passes.

Pass. Partner is in charge. If he had wanted you to bid again he could have forced you with 2NT.
