4 ♠ by North			

You have a good hand, a very good hand. But not good enough to open 2 ♣.

Instead you open 1 ♠, partner raises to 2 ♠ and West doubles.

Some would think it clever to now redouble - to put the pressure on West maybe.

But why bother? West would just bid 3 ♥ or 3 ♦ and then you would bid 4 ♠. So save all the in-between and just bid it now.

North plays 4 ♠. East leads the ♦ J.

North plays 4 ♠. East leads the ♦ J.

Losers: ♠ 0 : ♥ 1 : ♦ 1 : ♣ 2 : Total = 4

One loser to get rid of. Perhaps you could lead toward the ♥ Q? Nope, that wouldn't work because West surely has the ♥ K for his Takeout Double.

Play West for the ♣ K and finesse him out of it? That probably would work since he likely has that card for his Takeout Double.

So you take the ♦ A, pull trumps and then . . . and then you apologize to your partner. You had to be in dummy to finesse the ♣ and you were only going to be there once. You must finesse the ♣ immediately, then pull trumps.

You are only going to be in dummy that one time so you must make sure to do whatever you need to do right then.

If you decided to play for trumps to split 2-2 so you could use the ♠ 8 as an entry back to dummy for the ♣ finesse then you need to start thinking more clearly!

and then try the ♠ finesse. Your big worry should be that if the ♠ finesse loses North will be able to get the lead and play a ♦ through your ♦ K 8.

So ask yourself: "How is North going to get the lead?" The only trick he could win would be the ♣K which he almost surely has. But you can keep this from happening by simply holding up on the first ♣ trick. Win the next one with your ♣A, enter dummy with a ♥ and take the ♠ finesse. It loses, but to South who can't hurt you with a ♦ play.

Recognize that North is the Danger Hand because he can lead a ♦.

Then think about how to keep North from getting the lead - in this case holding up on the first trick.

You open 1 ♠ and partner responds 2 ♠.

With 18 points you want to invite partner to bid game if he has 9 or 10 points. While you could do this with a 3 ♠ bid it is more informative to use a Help Suit Game try - bidding 3 of the suit you'd most like help in. You bid 3 ♥.

Partner has magnificent help in the ♥ suit so he bids 4 ♠.

East to play 4 ♠. South leads the ♣Q.

East to play 4 ♠. South leads the ♣Q. North plays ♣6.

Losers: ♠ 1 : ♥ 0 : ♦ 2 : ♣ 1 : Total = 4

You know you are going to get to dummy with a ♥
