All Pass			

4♥ by North to your hand and ruff the ♠ 7 with dummy's ♥ 9. West may over-ruff this, but only with a trump trick he was going to win anyway.

You will lose two ♦s and the ♥Q but no more.

It is tempting to ruff the first ♠ with dummy's ♥ 9, hoping to sneak that through then ruff the second one with ♥K.

The problem is that West would have over-ruffed the ♥ 9 and then played another ♥ and you would not have gotten to ruff either ♠,

You open 1♥, East overcalls 1♠ and partner passes.

You shouldn't let East steal from you so you will bid your ♥s again. You must decide between 2♥ and 3♥. Given that partner might have had a pretty decent hand yet still have to pass, you decide to go with 3♥. Partner bids 4♥.

North plays 4♥. East leads the ♠Q.

North plays 4♥. East leads the ♠Q.

Losers: ♠ 2 : ♥ 1 : ♦ 2 : ♣ 0 : Total = 5

Win the ♠K, then enter dummy with the ♣A and play another ♠ toward your ♠A. You do this to prevent West ruffing your high ♠. Next you lead the ♠2 and ruff with dummy's ♥K. Ruff a ♣ to get back

You respond 1♠, your 5-card Major. Partner jumps to 3♥.

Make your next bid.

Partner is showing 16-18 points and you have 9. Since he rebid ♥s he must have at least six of them you you know there is an 8-card fit. You bid 4♥.

West would play 4♥.

Click

East plays 4♥. South leads the ♣K.

4♥ by East

You might consider setting up dummy's ♠ suit for a discard but there are too few entries to make that work.

More promising is playing North to have at least one of the ♦ honors and taking two finesses in that suit. **BUT**, entries are still a problem. You can only reach dummy twice, once with the ♣A and once with the ♥Q, and you must play ♦s each time you are there.

Win the first trick with the ♣A and play the ♦J, letting it ride if North doesn't cover. South will win this trick and take two ♣s. He will probably then lead a ♠. You win your ♠A, play ♥A then a small ♥ to dummy's ♥Q. Now lead a ♦ and finesse with your ♦9. When this wins, pull trumps and claim.

Taking two finesses in ♦s will be successful whenever North holds the ♦K **OR** the ♦Q **OR** both the ♦K Q.

This will happen about 75% of the time, so the double finesse is a good Plan. And on this Deal it was the only plan available.
