NORTH thinks there might be slam if SOUTH holds both minor Aces, so he tries Blackwood.

When SOUTH shows just one Ace NORTH is afraid he will have a trump loser as well, so he stops at 5♥.

It turns out that NORTH might make twelve tricks, depending on the ♥K situation.

WEST might be tempted to blast into Blackwood with his first bid, pushing toward some slam in ♥s. He chooses to temporize with a 1♥ response and is rewarded when EAST jumps to 2NT (18-19 points).

The Notrump bid prevents WEST from using Blackwood, but Gerber 4♣ will work just fine. When he discovers that EAST holds three Aces and one King he can count thirteen tricks.

6NT by South			

SOUTH responds 2NT, showing 8+ points with no 5-card suit.

NORTH only needs to know how many Aces are in the SOUTH hand. He must use Gerber since 4NT in this situation would not be Blackwood.

When SOUTH shows two Aces NORTH bids 6NT.
