5 ♣ by North			

This is the companion to Deal 6. The cards are the same except that the ♦s and ♣s have been swapped.

Again, SOUTH has no problem as long as NORTH holds at least one Key-card. When NORTH responds 5 ♣, (showing one Key-card), SOUTH can pass.

That's what happens here.

6♠ by East

WEST needs to know how many Aces EAST holds.

One way to find out would be to bid 3♠, (which is forcing), then launch Blackwood.

Another way is to bid 4♣ (Gerber) right now.

The first way is probably better but we needed a Gerber example.

SOUTH's positive response shows 8+ points and five or more cards headed by at least two honors.

NORTH figures a small slam would be safe, but just to be sure she uses Blackwood.

SOUTH's 6♦ reply shows one Key-card which must be the trump King, and a ♦ void!.

NORTH readjusts her thinking and decides to bid the Grand.
