SOUTH has a poor 9 points, but does have two 4-card Majors. So he uses Stayman.

When NORTH bids ♠s, SOUTH isn't strong enough to bid game herself, so she temporizes with a 3♠ invitation.

NORTH has a full 17 points so he accepts the invitation.

WEST, with 9 points and a 6-card suit, knows they should play in ♠s. The question is: how high?

WEST transfers EAST to ♠s, then invites by raising to 3♠.

EAST has only two trumps, (good ones, admittedly), but she has a maximum 17 point hand. So she bids the ♠ game.
