Because NORTH holds a 4-card Major suit, (♥s), he starts his responses with Stayman.

SOUTH denies holding any 4-card Major suit so NORTH gives up on ♥s. He next bids ♠s, showing five of them. He jumps to 3♠, giving SOUTH the choice between 4♠ or 3NT.

With three trumps SOUTH chooses 4♠.

WEST has a poor 9 points, but does have two 4-card Majors. So he uses Stayman.

When EAST bids ♠s, WEST isn't strong enough to bid game herself, so she temporizes with a 3♠ invitation.

EAST has a full 17 points so he accepts the invitation.

NORTH, with 9 points and a 6-card suit, knows they should play in ♠s. The question is: how high?

NORTH transfers SOUTH to ♠s, then invites by raising to 3♠.

SOUTH has only two trumps, (good ones, admittedly), but she has a maximum 17 point hand. So she bids the ♠ game.
