You **MIGHT** say that with 13 points and partner controlling the ♣s you could jump to 2NT, "To show you my points, partner." You might say it but you won't because your first priority is to look for a Major suit fit. You bid 1♥ (skipping ♦s with the two Majors). Partner now jumps to 4♥.

Partner says you can make game even if you have a minimum 6 points. So he must have about 20. So you think you can make slam and you bid 4NT. Partner answers 5♥.

Partner shows 2 Aces so you bid 6♥.

You dealt this hand.

You have 20 points and it would not be terrible to open 2NT. However, strictly speaking you shouldn't open 2NT with two doubletons. So you open 1 ♦. Partner responds with a jump to 2NT.

With partner's 13-15 added onto your 20, bidding 6NT would be a reasonable bid. However, it costs nothing to check for Aces first, so you bid 4 ♣. (Everybody agrees this is Gerber, right?) Partner answers 4 ♠.

Easy, missing one Ace you bid 6NT.

You dealt this hand.

With 13 points and a good Major suit you naturally open 1 ♠. Partner responds 3 ♥.

We are playing strong jump-shifts by Responder so partner is showing 17+ points. However, you are still stuck with your minimum opening so you just rebid 3 ♠. Partner bids 4NT. What is your reply?

He asks for Aces so you bid 5 ♥ showing 2. He now bids 5NT.

You have no King. So you reply 6 ♣ and partner bids 6NT (safer than 6 ♠).

♣ 8 5 4 2

You need to find out about Aces so you bid 4NT.

Partner says 6♦.

Partner has shown one Ace and a ♦ void. As to what you bid, that's easy. You have no choice now but to say 6♥. This is a pretty good slam, but it is not cold. Maybe West will not lead a ♣. Or maybe East will have the ♦A.

Not everybody responds to 2♣ opens the same way. But with 9 balanced points 2NT is reasonable. Partner jumps to 4♣.

With 2 Aces your response is 4♠. Partner bids 6NT and you pass.
