The bidding has been as shown. It is your turn.

You have 14 points but so what. You have no 5-card suit to Overcall. You cannot make a Takeout Double with 4 of their suit. So you pass. It is important to realize that there are hands you would open but cannot overcall with.

You really don't like partner's ♠s, and you do have 8 points. But 8 points is not enough to be considering game, and you would have to bid your ♥s at the 2-level. All things considered it is better to pass while you still aren't doubled.

With only 7 points you might not think you have enough to make a "free bid". But in competitive bidding situations like these, where both sides have a fit, bidding is usually better than passing. So you bid 2♠.

You might look at the Law of Total Tricks lesson for more on this subject.

You have 10 points, but in cases like this points don't matter that much. They **MIGHT** be able to make 4♥. Partner **MIGHT** be able to make 4♠. This preemptive jump takes the decision away from them.

Looking at the hands you can see that partner is going to go down 1 at 4♠. However, that is an excellent result since they appear to be cold for 5♥.

This hand would be one point too strong to **Open** 1NT, but it fits the 15-18 range to **Overcall** 1NT. Partner responds 2 ♣.

Don't get your systems crossed. Partner did not make a cue-bid, he is using Stayman. Since you have no 4-card Major suit you answer 2 ♦. Partner now says 2NT and the ball is in your court.

This is just a plain old 1NT/Stayman sequence. Partner is inviting, and since you have 18 points you accept.

You have a nice easy decision here. You overcall 1 ♥. Then partner bids 1 ♠. What do you say next?

Whether you play a change of suit as forcing or not, your hand certainly qualifies as one where you should make a bid. Partner doesn't really like your ♥s but you are quite satisfied to play in ♠s. So you bid 2 ♠. Partner jumps to 4 ♠ and that closes out the auction.

With a good 6-card suit and 10 points you make a Weak Jump Overcall to 2 ♦. Partner says 2NT.

The 2NT bid is a standard response to a Weak 2-bid. It asks for the identification of any outside high-card if the Weak 2-bidder has more than a minimum. Here you are in the top range for your bid so you show your ♥K.

That was apparently the missing link for partner, he now says 3NT.

The bidding has been as shown.

You might just try 4 ♠. Of course if partner has a minimum Weak Jump Overcall that will get you much too high. A better approach is to ask for more information from partner. The bid that asks is 2NT. Partner replies 3 ♦.

Partner's 3 ♦ bid tells you two things. One, he is in the top half of his 6-11 point range. Two, he has a high card (Ace or King) in ♦s. When you construct a hand for him which contains 6 pretty good ♠s and the ♦ A you come up with a hand which will probably make game. Bid 4 ♠.
