4 ♠ by North

When partner opens 1 ♠ you have a pretty normal Jacoby 2NT response. He next says 3 ♠.

Your partner has a better than minimum hand with 6 ♠s. However, you have an average hand with no controls to show so you use the Principle of Fast Arrival and bid 4 ♠. Everyone passes.

Partner's bid is game forcing. With a bare minimum, no singletons, you go ahead and sign off in game. Partner then says 4♠.

Partner is definitely showing slam interest. If you had a first round control in either Minor suit you would bid it now. But you don't. So you sign off again, this time at 5♥. Partner finally gives up on the idea of slam and passes.

You want to force partner to game while you describe your hand. So you make a Splinter Bid of 4♥. Partner replies 5♣.

Partner has the ♣A. Good. You are pretty worried about ♦s and also your 11 high card points. You are tempted to just sign off at 5♠ but you shouldn't. You can make a control-bid below the 5♠ level. So you bid 5♥. This tells partner that your Splinter must have been a ♥ void. Partner bids 6♠.
