With opening hand and 4-card ♠ support this is an ideal Jacoby 2NT response. Partner says 3NT.

South has some extra strength and a 5-card ♠ suit. This is the point in the bidding where you would make a control bid, showing an Ace. Well, you would if you actually had an Ace. The way you indicate your lack of a control is to just return the the agreed trump suit. So you bid 4♠ and partner passes.

♣ A 10 3

You show an above minimum hand with 6 trumps by bidding 3♠. Partner bids 4♠. What do you say next?

Partner would have shown a red Ace if he had one. Since he doesn't have one, all thoughts of slam are off. You pass.

With 15 points and four of partner's suit you naturally bid 2NT. Partner now jumps to 4♥.

Partner's rebid of 4♥ is not strong. He is using the Principle of Fast Arrival to indicate a minimum opening hand. Since you have nothing extra you pass quietly.
