4♥ by North			

You open 1NT and partner responds 2♦.

Partner's command is your wish - you say 2♥.

He now bids 2NT.

Partner's bidding shows 9 points and exactly 5♥. He asks that you take him back to ♥s if you have 3 of them. You do. He is asking you to bid game if you have 17 points. You do.

So you bid 4♥.

With your 3-3-3-4 distribution you might have been tempted to bid 3NT instead of 4♥. It's a good thing you didn't, they would have killed you in ♠s.

3♠ by East

You open 1NT and partner responds 2♥.

The initial response to a transfer is really easy. You bid 2♠.

But what do you bid after partner then says 3♠?

Partner has 6 ♠s and you have 2. So a ♠ contract is fine.

Partner has 9 points and you have 15. So a game contract is too high.

You pass. And you're going to have to play great to make even 9 tricks!

♣ A K 9 8

You open 1NT and partner responds 2♦.

You follow orders and say 2♥.

Partner follows up with 3♥.

Partner has 9 points and 6 ♥s. You have 17 points and 3 ♥s. That adds up to 26 points and 9 ♥s. You have enough points for game and enough trumps to play ♥s so you bid 4♥.
