You open 1NT and partner responds 2♣.

With no 4-card Major you reply 2♦. What do you bid after partner next says 2NT?

Partner seems to have about 9 points and is inviting you to say 3NT. Since you have a maximum 17 point hand you accept the invitation.

You open 1NT and partner responds 2♣.

You bid 2♠. Partner next says 3♠.

Considering the bidding you have done so far you couldn't have a worse hand. With 4-3-3-3 distribution and a bare 15 points you most certainly don't want to accept any invitation from partner. So you pass. As you see, 9 tricks are not going to come easily.

You open 1NT and partner responds 2♣.

You respond 2♥. Partner now says 3♥.

Partner has told you he has 4♥s and approximately 9 points. Add that to your 4♥s and 17 points and the total equals a game bid in ♥s. So you say 4♥.
