They shouldn't really be this easy. You bid 2NT and partner replies 3NT.

You pass of course. Partner's 3NT says his suit is A K Q x x x and you can therefore count 9 top tricks.

You have a perfect 2♦ opening except for one thing. Well, except for four things really, those four ♠s. So you pass. Then partner opens 1♠.

Well, we have passed out of the realm of Weak Twos and into Major Suit Raises! No problem, it's all Bridge. You make a limit raise of 3♠ and partner bids 4♠.

You know partner must have the ♠K since he wouldn't open a Jack-high suit. You need to find out if he has an outside Ace. So you bid 4NT and he answers 5♦.

Partner has one Ace. Bid 6♠.
