In the balancing seat it is distribution that counts, not point count. With a 6-card Major suit and a singleton you should not let them play 1NT. You double.

Partner makes the relay bid of 2♣.

You bid your suit, 2♥, and everybody passes. Notice that partner had a decent hand, but could not bid over 1NT in the immediate seat.

2♣ by South

You don't have a 6-card suit, nor do you have a 5-4 pair of suits. So even with a singleton you don't want to use DONT here. So you pass.

Partner makes a DONT double in the balancing seat.

Right now you probably have a premonition about what is going to happen next. But there really is nothing you can say other than 2♣.

Your premonition came true. Partner passes and you are left playing 2♣ with a singleton. Nobody promised that DONT would always get you to a good contract.
