4♥ by North

Using elimination plays makes you a better player. But in Bridge, no matter how skillful you are, there will always be a luck factor.

Here you were lucky the defense didn't start by taking their three ♠s. If they had, you would not have been able to pull off the throw-in, and would have had to try your luck with guessing who had the ♣Q.

North is to play 4♥. East leads the ♦J.

With three unavoidable ♠ losers you cannot afford to lose a ♣. So you either have to guess the location of the ♣Q or (DRUMROLL) pull off an elimination play! Win the ♦K, then pull trumps, it takes two rounds.

Next you eliminate the ♦s by playing ♦A then ruffing the ♦8.

Execute the throw-in by leading a ♠.

The defense is in with a ♠ and they are welcome to take two more ♠s. But then they will have to play a ♠ or a ♦, giving you a ruff-sluff, or else lead a ♣ which finds the ♣Q for you.

4 ♠ by South

If East is the one who has to play a ♣ you just let it ride around to dummy's ♣ K J 10 3.

If West is the one who has to play a ♣ you need to insert the ♣10 or ♣J from dummy.

In either case you will no longer have a ♣ loser.

South is to play 4 ♠. West leads the ♦ J, covered by the ♦ Q and ♦ A. East returns a ♦ to the ♦ K.

You still have two losers in the ♥ suit, so the question is which way you plan to finesse the ♣s. And of course the answer is that you don't plan to finesse them at all!

Pull trumps with the ♠ A, then ♠ K. Next ruff dummy's last ♦.

Now exit with a ♥. The defenders win this and take another ♥ trick, leaving this position.

They must now break the ♣ suit for you or give you a ruff-sluff. Of course you would ruff in dummy and discard a ♣ from the 3-card holding in your hand.
