3NT by North
overtaking the ♥ was the way to go.

South's 3♦ bid was a transfer to ♥s. North is to play 3NT. East leads the ♠2.

Winners: ♠=2 ♥=0 ♦=2 ♣=1 Total = 5

Obviously you need to establish 4 ♥ winners and by driving out the ♥A you can manage that handily. The problem is that dummy has only one sure entry, (the ♠A), and the defenders may be good enough to hold up their ♥A twice.

To assure the contract you should win the first trick in your hand with the ♠K. Then play ♥Q, ♥J overtaking with dummy's ♥K so you can continue establishing the suit while you still have that ♠ entry.

None of the other suits were sitting well so

6 ♠ by East			

East is to play 6 ♠. South leads the ♥K.

Losers: ♠=0 ♥=1 ♦=1 ♣=0 Total = 2

One of the two red losers must be discarded on dummy's ♣ suit. So you pull trumps, taking two rounds, with ♠K and ♠Q. Then play two top ♣s and ruff a ♣. When South shows out on the third ♣, enter dummy with a trump and ruff another ♣. Dummy's final ♣ is now established, so enter dummy with another trump and discard one of the red losers on the fifth ♣.

As long as the ♣s were no worse than 4-2 you can establish the suit.
