have your trump trick for later.

[showcards W:CA N:C2]

You are East. The bidding has been as shown.

Partner led the ♣A, dummy played the ♣2

Play the ♣3.

If you signal with the ♣9 West will continue with the ♣K and another which you will have to ruff. You will give up your NATURAL trump trick by doing so. Worse, you will allow North's ♣J to be established as a winner that South can later discard a ♦ on.

Much better to play low. Partner will surely switch to a ♦, and South will probably finesse, though it doesn't matter whether he does or not. You will win the ♦K, return the ♣9 back to West's ♣K, and still

♠ J if you hadn't played this way.

You are West. The bidding has been as shown. You led the ♠ A, East plays the ♠ 9, South the ♠ 5. You assume East has signaled you to continue ♠ s, so you play the ♠ Q. On this trick East plays the ♠ 3 and South the ♠ 8. How will you continue?

You know that both East and South are now void of ♠ s. You might just switch suits, but you have a better choice.

If you play your ♠ Q, East won't bother ruffing, South **WILL** ruff and dummy's ♠ J will be established as a winner.

The best procedure is to lead a low ♠ . East will ruff and South will over-ruff but by playing this way you stop the establishment of North's ♠ J. As you can see, South would have been able to discard a loser on that
