 while you still have the ♣A for an entry.

[showcards W:SK E:S7 S:S5 N:S3]

You are East. The bidding has been as shown. You led the ♠K, West played the ♠7 and North the ♠5.

What do you play to the second trick?

Play the ♦10, NOT another ♠.

You can see the ♠6, ♠5, ♠4, ♠3 and ♠2. So the ♠7 is West's lowest ♠, he is doing his best to discourage you from leading the suit again.

North held up with ♠A J x, hoping you would play the suit again and give him two tricks.

If you play the ♦10 West will win the ♦A and return a ♠, allowing you to drive out North's ♠A

[showcards W:SK E:S7 S:S8 N:S3]

You are West. The bidding has been as shown. You led the ♠K, East played the ♠7 and South the ♠8.

What do you play to the second trick?

Play the ♠4.

You cannot see the ♠5. The most likely reason is that East has it, and his ♠7 is an encouraging signal. The only reason he would encourage you is if he held either the ♠A or ♠J.

Together, you two continue to play ♠s to drive out South's ♠A. When you get the lead with your ♣A you will cash your ♠ winners and East will still have the ♦A for some icing on the cake.

There IS another possibility if South is a better than average Declarer. East just might hold ♠ 9 7, giving South ♠ A J 8 5. South played the ♠8 as a falsecard to tempt you into playing the suit again. This isn't too likely, but if it happens just congratulate South for the fine play.

[showcards W:CA N:C4]

You are West. The bidding has been as shown.
Partner led the ♣A, dummy played the ♣4

Play the ♣8 to encourage a continuation. East will
play the ♣Q on which you will play the ♣2.

East now knows you started with a doubleton, and
more importantly, he also knows you want him to
play a third ♣.

When he next plays the ♣K dummy will ruff, but
whatever card he ruffs with you will have established
a trump trick. When you later win your ♠K that will
be down 1.
