4 ♠ by North

As you can imagine, declarer will be in a whole lot of trouble.

The bidding has been as shown. The contract is 4 ♠

Lead any ♠.

You have ♦ winners, but dummy will surely be short since he has at least 8 cards in the Major suits.

Partner has whatever ♥ strength your side possesses.

It is very likely that declarer will want to do some cross-trumping. To try to cut that down your best lead is a trump.

Just imagine that declarer wins the first ♠ in his hand and plays a ♥ to dummy's honors. West will win and play another trump. Whenever you win your first ♦ you will play your last trump.

The bidding has been as shown. The contract is 6NT

Lead the ♥6.

You held this identical hand in Deal 3. The declarer was playing 3NT and the best lead was the ♠4, fourth down.

It's different when the contract is 6NT. Against 6NT you should make a passive lead, which means don't underlead any honors. Against 6NT you have little chance of establishing a suit to win four or five tricks. Instead, you just want to try to not give declarer an undeserved trick.

So any passive lead would be OK, you pick the ♥ just because they are less likely to have an unbid 4-card Major in either hand.

Declarer has 11 winners sitting there; if you had led a low ♠ you would have handed him his 12 trick on a platter.
