be the ♥ which you can ruff in dummy. However, East's ♥9 looks a little ominous, particularly since West apparently has some length in the suit. Presumably you played the ♥A on the first trick. Next lead the ♥6 from dummy, hoping East can't (or doesn't) ruff. He plays the ♥2. Win the ♥K and play your ♥4, ruffing with dummy's ♠Q. East is out of ♥s, but can't over-ruff. Now pull trumps and set up one ♣ trick. You lose 2 ♣s and a ♦, just as expected.

Ruffing with the ♠Q might cost a trick if the ♠s split 4-1 and East did not have a doubleton ♥. But you need to stay flexible and make your decisions based on what you see happening at the table. In this deal, after East signalled high-low in ♥s it was logical to play him for a doubleton.

An easy one. You bid 1 ♠. Partner responds 1NT.

What is your next bid?

You're going to rebid your 6-card ♠ suit, but how high? The usual guideline is to bid 2 ♠ with 13-15 points, but jump to 3 ♠ with 16-18 points. You come in just over the line so you bid 3 ♠. Partner puts it in game.

South plays 4 ♠. West leads the ♥Q, East playing ♥9.

South plays 4 ♠. West leads the ♥Q, East playing ♥9.

Losers: ♠ 0 : ♥ 1 : ♦ 1 : ♣ 2 : Total = 4

You must eliminate one loser and the easiest one will

4 ♠ by South

If you could ruff that ♦ then one of your ♦ losers would be eliminated - if East didn't over-ruff. But you know that East is going to over-ruff. So don't ruff it, discard dummy's ♣ 6 instead. Later you can ruff your ♣ loser in dummy.

If you had ruffed, East would have over-ruffed. And you would still have a ♣ loser. You don't have to worry about a fourth ♦ lead because you can ruff in your hand higher than any card East might ruff with.

When responding to a takeout double use these guidelines:
 0-8 points: bid a suit cheaply
 9-11 points: bid a suit with a jump
 12 or more points: cue-bid the opponent's suit

With 13 points you cue-bid 2 ♦. Partner says 2 ♥.

You are forced to game, now you must find a suit. Partner suggested ♥s, you suggest ♠s. Partner agrees ♠s and bids the game.

South plays 4 ♠. West leads ♦ A, ♦ K, ♦ Q. East plays ♦ 8 then ♦ 2.
