When SOUTH opens 1NT, point-count alone tells NORTH that 6NT can surely be made. SOUTH is bound to hold at least two Aces. But NORTH doesn't want to miss a Grand slam.

NORTH bids 4♣, (Gerber), and SOUTH admits to just two Aces.

So NORTH settles for the small slam.

SOUTH has a powerhouse and knows she will reach a slam somewhere. When NORTH supports the ♠s, it seems she has found her spot.

Blackwood tells her that NORTH has two Aces. She can see there are 12 tricks available and decides to take a chance that NORTH will have a thirteenth trick somewhere among his opening hand points.

She bids 7NT.
