When SOUTH answers Blackwood with one Ace
 NORTH decides to bid 5NT to ask for Kings.

With two Kings, SOUTH would bid 6♥. But she
 knows that if she does so, NORTH might stop right
 there.

Knowing the 5NT bid guarantees all four Aces,
 SOUTH figures her ♣ suit will supply five tricks so
 she bids 7♥.

EAST thinks there might be slam if WEST holds both minor Aces, so he tries Blackwood.

When WEST shows just one Ace EAST is afraid he will have a trump loser as well, so he stops at 5♥.

It turns out that EAST might make twelve tricks, depending on the ♥K situation.
