NORTH has a 19 point balanced hand, including a stop in ♥s. He plans to double, then bid NT. (see Deal 9)

SOUTH has 10 points though, so he jumps to 2♠.

In theory NORTH could now bid 2NT to continue the description of his hand, but he might as well go ahead and bid 3NT instead.

With a 5-card ♠ suit and 13 points EAST should overcall 1 ♠.

WEST has 13 points and four ♠s. If EAST had opened, WEST's hand would be good enough to insist on game. But since EAST overcalled, WEST merely invites with a jump to 3 ♠.

EAST has better than a minimum overcall so she accepts the invitation and bids 4 ♠.

NORTH has a very minimum Takeout Double of 1♦. But what it lacks in strength, it makes up for with perfect distribution.

SOUTH has 13 points and only wants to play in one contract, 4♥.

NORTH passes happily.
